Let's Talk . . . Trainer/Assessor Industry Currency

A topic that is consistently discussed at our Assessor Network meetings and that we frequently receive phone calls and emails about is managing and benchmarking industry currency of trainers and assessors. So to help address some of the current concerns we have been hearing and explore best practice strategies, we would like to invite you to a half day workshop.

Please join us in a professional conversation with fellow RTO colleagues to workshop:

- strategies for meeting requirements in the *Standards for RTOs 2015*
- managing risks and how much 'currency' is enough
- what role does industry currency have in RTO reputation, student satisfaction and market value
