Good2Know... VET Workshop

Two topics that we have heard a great deal of chatter around and received many questions and emails about are **assessment validation and trainer/assessor industry currency**. So to set the record straight and address some of the current concerns we have been hearing, we would like to invite you to attend this one day workshop to be held at Coffs Coast Community College.

Please join us in a professional conversation with fellow RTO colleagues to workshop:

- strategies for meeting requirements in the *Standards for RTOs 2015*
- risk management and how much validation is enough
- external assessment validation approaches
- best use of the *Principles of Assessment and Rules of Evidence*
- managing risks and how much 'currency' is enough
- what role industry currency has in RTO reputation, student satisfaction and market value.
