### **Assessor Network 2021**

We are pleased to be facilitating our Assessor Network again this year and proud to be celebrating its 15th year of successful and continual operation. Over the many years, few changes have been made to the format though the content has covered a vast range of topics reflecting current VET requirements, concerns and issues.

We are looking forward to continuing the networking and collaborative approach that provides valuable professional development to participants. We will be changing the way we provide attendance following feedback from 2020 participants and regional trainers and assessors and the ever shifting COVID restrictions.

The 2021 Assessor Network will be held in Feb, May, Aug and Nov and provided in both face to face and ZOOM meeting formats. Face to face meetings will be at Summer Hill, thanks to the generosity of NSW Family Day Care Assn providing their training room. They have QR sign in and COVID safe practices and numbers of attendees will be in accordance with allowed numbers at the time.

### **How to join and participate**

1. Complete the registration form and submit payment. Membership is yearly and includes participation at 4 sessions in 2021. Membership is also transferable should you wish another person to attend in your place.
2. You will receive an email **prior to each Network meeting asking you to RSVP** and nominate if you will be attending in person at Summer Hill or on line in the ZOOM meeting. Your choice is not locked in for the year, only for the meeting date being nominated. Note: Face to Face and Zoom meetings will not be held at the same time and numbers will be limited at both.
3. You will be sent a confirmation email for the session you nominate. If your RSVP is received after a session is fully subscribed you will be contacted to choose another time. We will endeavour to hold as many sessions as possible to meet demand and limited numbers will ensure participants are able to contribute to discussions and network successfully.
4. All participants will received a Participation Certificate with a summary of topics discussed at the session they attend. This may be used to contribute to evidence of VET professional development.
